

“Know who you are hiring NOW!”

Quick Prints by Bridges is an electronic fingerprinting service which offers the latest ID and background screening technology on the market!

Electronic fingerprinting (Live Scan) would benefit your company by:

Cutting background check processing time from 3-8 weeks down to **48 hours or less!**

Reducing your liability by having FBI and FDLE background checks quickly

Reducing Error Rate: If there are any errors or misprints you will be notified immediately and not have to wait for the cards to be sent back to you. There is no ink mess and fingerprints are completed digitally, reducing the rate of error significantly.

Being Green: We are paperless and environmentally friendly!

Saving your company millions in criminal actions and lawsuits: Would you really want someone working for you for 3-8 weeks before you find out they have a criminal history?

Other services include:

Complete ID kits including fingerprints, photo and personal information for children, seniors or any loved one. Includes all vital information on a CD and a paper copy as well.

We also offer notary services.
